US Frozen Passion Fruit Trade Prospects

25 US Businesses with Relevant Trade Evidence

(2026), Including Puerto Rico

SAMPLE - SALES PREVIEW

A focused commercial research resource

Product formats, selected trade references and public contact routes, with evidence limitations kept visible.

Edition: 10 October 2026 | Prepared by Rapid Thai Global

Includes three Puerto Rico businesses and one Vietnam export-side declaration. All 25 prospects are Grade B. Current demand, purchasing authority and importer-of-record status are unverified.

SAMPLE ONLY - three illustrative profiles. The complete directory is omitted.

What the product helps you do

Build a format-specific shortlist

Use 25 unique business profiles and a filterable workbook to distinguish 16 pulp, 4 puree, 1 IQF/cubes and 4 unspecified-format prospects. Exact cargo wording, source dates and Bill/declaration IDs support your own follow-up qualification.

Understand evidence and contact routes

All 25 are Grade B: relevant trade evidence for a US operating business, not verified US import status. Grade A is manifest-level actual-arrival/non-FROB evidence and does not require certified customs clearance; no P04 company completes that audit. Public sales/general/support/media/regulatory routes retain their limitations.

Methodology overview

Selected EximRadars observations were captured on 10 October 2026, supported by public identity/contact sources where available. Selected source-record dates are in 2026. The search window also included 2025; this does not imply selected 2025 shipments. Record dates and estimated arrivals are not certified Actual Arrival.

Geography and exceptions

Including Puerto Rico: three selected businesses operate there. One prospect, Global Food Importers, is Vietnam Export-Side Declaration Only; US Arrival Unverified. TRU's IQF product is puree with seeds, and its mixed shipment weight is not passion-fruit-only weight. HEYTEA contact is PR / Media. La Jugosita contact is historical, current status unverified. Missing contacts remain missing.

Full product contents

A 12-page English A4 report and a four-sheet Excel directory, including exact cargo evidence, 25 profiles, reference IDs, public channels, format distinctions and practical exporter guidance. This SAMPLE shows only three profiles; the complete directory is omitted.

Commercial use

Current purchasing demand, procurement authority, customs clearance and willingness to add suppliers are unverified. Historical records are a starting point for independent qualification. No pricing is included in this preview.

Three illustrative company profiles

P04-10 Distoro Inc / Grade B

Business: Woodstock, GA. Frozen fruit/food distributor; official passion fruit pulp category

Product: Frozen pulp; -18 C. **Segment:** Frozen Pulp.
